

Step Inside Toyota's Manufacturing Plants — No Travel Required

May 14, 2025

Curious how a Toyota vehicle comes to life? Now you can find out — without leaving home. From Texas to Kentucky, Tour.Toyota.com lets you virtually visit Toyota's manufacturing facilities that produce vehicles, engines, transmissions, engine blocks and cylinder heads. Explore immersive virtual tours, watch behind-the-scenes videos and discover what makes Toyota manufacturing tick.

And if you want to take the next step to visit a plant in person, you can book a tour through the site.

You can explore many of Toyota's facilities on Tour.Toyota.com:

- Toyota Alabama
- Toyota Indiana (in-person tours available)
- Toyota Kentucky (in-person tours available)
- Toyota Mississippi (in-person tours available)
- Toyota Missouri
- Toyota Tennessee
- Toyota Texas (in-person tours available)
- Toyota West Virginia
- Toyota Canada (in-person tours only)

Across North America, Toyota has 14 manufacturing facilities (one in Canada and two in Mexico) — including its Mazda joint venture in Alabama, Mazda Toyota Manufacturing.
