Image not found or type unknown

The 2026 Toyota Highlander Hybrid keeps on rolling as a stylish, efficient midsize SUV. Earning a manufacturer-estimated 35 combined MPG rating, capable of towing up-to 3,500 pounds, and with seating for up-to eight, the Highlander is built to bring style and utility. It is assembled in Princeton, Indiana, has standard

All Wheel Drive, and is available in XLE, Limited, and Platinum grades. The 2026 Highlander has great standard features like the Toyota Audio Multimedia System and Toyota Safety Sense 2.5+ and a host of options, like available leather-trimmed seating, panoramic roof, and 11-speaker JBL® Premium Audio.
