

Toyota Recalls Certain Toyota Tundra and Lexus GX and LX Vehicles

November 06, 2025

PLANO, Texas (Nov. 6, 2025) — Toyota is conducting a safety recall involving certain model year 2022-2024 Toyota Tundra, 2022-2024 Lexus LX, and 2024 Lexus GX vehicles in North America. Approximately 127,000 Toyota- and Lexus-branded vehicles (conventional gas models only) are involved in this recall in the U.S.

There is a possibility that certain machining debris may not have been cleared from the engine when it was produced. In the involved vehicles, this can lead to potential engine knocking, engine rough running, engine no start, and/or a loss of motive power. A loss of motive power while driving at higher speeds can increase the risk of a crash.

Toyota is currently developing the remedy for this issue.

Customers will be notified about this issue by early January 2026.

Information about automotive recalls, including but not limited to the list of involved vehicles, is current as of today's filing date and is subject to change thereafter. To see if your vehicle is involved in a safety recall visit [Toyota.com/recall](https://toyota.com/recall), [Lexus.com/recall](https://lexus.com/recall), or nhtsa.gov/recalls and enter your Vehicle Identification Number (VIN) or license plate information.

For any additional questions, Toyota customer support is also available by calling the Toyota Brand Engagement Center (1-800-331-4331) for Toyota vehicles, or the Lexus Guest Experience Center at 1-800-255-3987 for Lexus vehicles.
