

Toyota and Woven by Toyota Unveil New AI Technologies to Drive *Kakezan*

April 22, 2026

Toyota Motor Corporation (“Toyota”) and Woven by Toyota, Inc. (“WbyT”) today unveiled technologies designed to accelerate innovation and drive *Kakezan* at Toyota Woven City (“Woven City”), which officially launched in September 2025. *Kakezan*, meaning “multiplication” in Japanese, is WbyT’s approach to creating solutions with greater impact for society. It brings together diverse strengths across industries, including Toyota’s mass-production experience, WbyT’s software development expertise, and the unique capabilities of Inventors and partners.
