Sixty years, countless journeys and one unmistakable name. The 2027 Toyota Corolla celebrates six decades of reliability and global success, continuing to evolve alongside the generations of drivers who love it. To mark this historic milestone, the lineup welcomes a highly exclusive, hybrid-powered 60th Anniversary Special Edition

that honors Corolla’s rich past while embracing its future. For everyday driving, the gas-powered Corolla delivers an engaging, agile experience made possible by its super-rigid TNGA-C platform. Available in LE, SE and XSE grades, it is powered by a 2.0L Dynamic Force 4-cylinder engine producing 169 horsepower and 151 lb.-ft. of torque. Paired with a standard Dynamic Shift continuously variable transmission, the Corolla provides a responsive, linear acceleration feel while maintaining excellent efficiency, boasting a manufacturer-estimated rating of 32 city/41 highway/35 combined MPG for the LE grade.
