

Calty Design Research Fact Sheet

March 12, 2020

CALTY DESIGN RESEARCH, INC.

With the establishment of Calty Design Research in 1973, Toyota became the first major car manufacturer to set up design operations in Southern California. While the Newport Beach, Calif. studio focuses on future innovation and creativity, the Ann Arbor, Mich. studio is focused on production design development for North America. Calty provides innovative design solutions for Toyota, Lexus, and Scion vehicles and supports North American production design.
