

Informed owners = hAPPy customers

October 19, 2016

Want to get the most out of your Toyota? It's all in the app.

Available at www.Toyota.com/owners, the Toyota Owners App ups the owner experience, offering vast resources to any and everything you could want to know about your vehicle.

- Need to schedule an appointment? Check.
- Running a little short but still need to get an oil change? Save money with special service offers.
- Want to find out if your vehicle is subject to any open recalls? Just scan the vehicle identification number (VIN) on your smartphone's camera.
- Trying to pair your newest smartphone with your vehicle? Access easy-to-use how-to videos and full owner's manuals to explain every inch of your vehicle.
- Run out of gas or leave your keys inside the car? No worries, submit a request for roadside assistance (as long as you didn't lock your smartphone in there too).

The Toyota Owners app is also available through Google Play or iTunes and syncs automatically whether you access it from a smartphone, tablet or desktop.

Now we're ready...let's go places.
