

Let's Roam Places

August 18, 2016

What does Toyota have in common with the National Parks?

1. You will find at least one in each of the 50 states. (To find your park, click [here](#)).
2. From the mountains to the desert to the urban landscape, both cover just about every terrain.
3. Both have a Sequoia in their lineup.

Congratulations to the National Parks Service on its centennial.
