

Planning the Pit Stop: New Toyota App Helps Japanese Drivers Find Restrooms for All Needs

May 14, 2015

Toyota City, Japan, May 14, 2015 — For those with mobility issues or other special needs, certain aspects of traveling by car can be problematic and uncomfortable. Finding the nearest restroom that meets their needs, for example, can present a challenge when planning a road trip.

To help address this, Toyota is launching its newly-developed Restroom Finder app in Japan on May 21.
