

# 2013 SEMA Show - Scion - Bulletproof FR-S Concept One 001

October 30, 2013

## BULLETPROOF FR-S CONCEPT ONE

What defines a Supercar? Bulletproof Automotive set out to answer this question with their Bulletproof FR-S Concept One Supercar. "The perfect Supercar that inspires me is a driver oriented, light weight, massively powerful, balanced performance car that is constructed with uncompromising exotic materials. I love the Lexus LFA and I became inspired to make a younger brother to the LFA with a manual transmission and an even higher power to weight ratio. While it is true that the cost to produce the Bulletproof FR-S Concept One places it in Supercar price territory, I feel the results match up against Supercar rivals." Said Bulletproof Automotive President Ben Schaffer.

### POWERTRAIN

- Powerhouse Amuse Turbo Kit with Borg Warner EFR 6758 Turbocharger
- Powerhouse Amuse R1000 STTI Titanium Turbo Downpipe
- Powerhouse Amuse R1000 Straight STTI Titanium Front Pipe
