

Redesigned 2015 Toyota Sienna Fact Sheet Updates

July 21, 2014

Exterior Changes:

- Refreshed exterior styling includes:
 - Updated front grille (LE, XLE, Limited)
 - LED DRL & upgraded headlamps (SE, Limited)
 - Restyled tail lights (excluding SE)
 - New grille colors for LE, XLE and Limited
 - LED DRLs on SE and Limited Grades
 - Stiffened chassis (including 140+ additional spot welds)

Interior Changes:

- Updated interior styling includes:
 - Upgraded surface materials and stitched surfaces
 - New intuitive HVAC button layout and audio system
 - New meter cluster and MID
 - Available Dualview Blu-Ray DVD Entertainment Center with RCA, SD Card and HDMI inputs
 - More refined interior with additional soft touch materials that replace previous harder plastics
 - New Multi-information display in between speedometer and tachometer. Displays critical vehicle and trip information. L and LE grade have a 3.5-inch black and white, while SE, XLE and Limited get a 4.2-inch color TFT
 - Backup camera is standard on all grades
 - Larger audio/backup screen: 6.1-inch (L grade) and 7-inch (LE, SE, XLE & Limited)
 - Upgraded steering wheel on all grades

Safety Changes:

- Additional LATCH locations: Sienna now has 4 instead of 3
- Sienna gains 1 airbag to now give it a class-leading total of 8 (including larger curtain side airbags). The new airbag is the front-passenger seat cushion airbag.

***No mechanical changes to engine/transmission

***Sienna is offered in both FWD and AWD and is still the only van to offer AWD
