February 14, 2014

TORRANCE, Calif., (Feb. 14, 2014) – Already established as one of the most versatile and family-friendly vehicles on the market, the Toyota Sienna today was named one of the “12 Best Family Cars” for 2014 by *Kelley Blue Book's* KBB.com.

KBB.com editors were impressed with the Sienna's family comfort and versatility, stating “with reclining captain's chairs — including a footrest — the Sienna may be the most passenger-accommodating minivan you can buy. And, with more varied configurations than any other minivan on the market, the Toyota Sienna is the perfect family-car for more than 100,000 families each year.”

“Best Family Cars 2014” was compiled by recruiting families to assist nine *Kelley Blue Book* editors in comparison testing of eligible vehicles after editors narrowed more than 300 vehicles down to 21 semi-finalists. The testing centered on the areas of safety, comfort, driving performance, room for child seats, cargo space, rear-seat entertainment, and other family-friendly features. The goal was to determine the “most functional new cars for families.”
