

# 2014 Toyota Prius Plug-In to Start Under \$30,000

October 09, 2013

TORRANCE, Calif., Oct. 9, 2013 – It just got a little easier for drivers to maximize their fuel savings and be environmentally responsible.

Toyota's most advanced technology passenger car, the Prius Plug-in, will be available to customers at a substantially reduced price beginning with the 2014 model year.

Toyota has reduced MSRP on the 2014 Prius Plug-in Hybrid by over \$2,000, making the starting MSRP \$29,990 (excluding DPH). This price repositioning on the base Prius Plug-in Hybrid is not accompanied by any reduction in vehicle content.

The 2014 Prius Plug-in Hybrid is well-equipped (similar to a Prius Three), but adds these appealing features:

- Heated cloth front seats – a unique standard feature available only on Prius Plug-in
- Remote Climate – a feature that allows customers to activate their A/C remotely (standard on Prius Plug-in, available on Prius Three)
- Ability to drive extended distances in EV Mode, helping to increase fuel efficiency
- Unique 10-spoke alloy wheels
- 1 additional year of Roadside Assistance through ToyotaCare, for a total of 3 year

Pricing for the 2014 Prius Plug-in Advanced model has also been adjusted to make the model more accessible to consumers with a \$4,620 reduction in MSRP to \$34,905 (excluding DPH). The Prius Plug-in Advanced will still offer popular features including:

- Premium HDD Navigation with Entune<sup>®</sup> App Suite (including Plug-in Hybrid Applications) and JBL
- SofTex-trimmed heated front seats
- 8-way power-adjustable driver's seat with power lumbar support
- Head-Up Display
- Safety Connect

The 2014 Prius Plug-in Advanced will offer DRCC (Dynamic Radar Cruise Control, PCS (Pre-Collision System), LED headlights and fog lights as part of an optional Technology Package for customers seeking the highest level of technology.

Production of the 2014 model year Prius Plug-in begins in October with pricing taking effect when these models arrive in showrooms in November. The Prius Plug-in qualifies for a Federal Tax Credit of up to \$2,500 in addition to the State of California's Clean Vehicle Rebate Program (CVRP) which offers a \$1,500 rebate. Information about the Federal Tax credit and vehicle eligibility can be found on:

<http://www.irs.gov/businesses/article/0,,id=219867,00.html>

The 2014 Prius Plug-in is also eligible for the State of California's HOV lane sticker ( [www.arb.ca.gov/msprog/carpool/carpool.htm](http://www.arb.ca.gov/msprog/carpool/carpool.htm)). The Prius Plug-in is available in 15 states (California, Oregon, Washington, Arizona, Maine, Massachusetts, Vermont, New Hampshire, Rhode Island, Connecticut, New York, New Jersey, Maryland, Virginia and Hawaii).
