TORRANCE, Calif., May 24, 2013 **–** Today**, Scion** is releasing a 10-track compilation to mark its 10-year anniversary featuring artists they've worked with in the past as well as a few new ones entitled, ***Scion 10 Series Music Release***. From the legendary rock group **Melvins**, to Detroit techno luminary **Moodymann**, to famed hip-hop producer **Harry Fraud**, and retro pop synthesizers **Chromatics**, unreleased tracks from the Scion A/V archives will be showcased.

The tracks from the compilation will be released over the next several weeks starting with The Melvins "Dr. Mule" and JonWayne "Rap Robbery"on May 28. Full schedule and download information can be found on Scion.com. To stream the tracks, please visit Scion's official website: http://www.scion.com/scion10music

Over the past ten years, Scion A/V has been supporting an array of cutting edge artists from various areas of music genres and subcultures. Scion A/V is committed to provide support to the creative process of DJs, producers and artists whether it is offering new music releases, gallery events, music festivals, open-mic nights and much more.

"The past 10 years have been invigorating to partner with various artists and we're thrilled to showcase a compilation of music that demonstrates the work we've done and what we strive to accomplish," says Jeri Yoshizu, manager of sales promotions for Scion.
