TORRANCE, Calif. (March 1, 2013)– Toyota Motor Sales (TMS), U.S.A., Inc., today reported February 2013 sales results of 166,377 units, an increase of 8.7 percent on a daily selling rate (DSR) basis. Unadjusted for 24 selling days in February 2013 versus 25 in February 2012, TMS sales were up 4.3 percent over the year-ago month.

Toyota Division posted February total sales of 149,038 units, up 8.7 percent year-over-year on a DSR basis. Volume-wise, Toyota Division sales increased 4.4 percent over February 2012.

“Despite rising gas prices, severe winter storms and concerns about the federal budget, February was a good indication of the overall strength of the market,” said Bill Fay, group vice president and general manager, Toyota Division. “With the most fuel efficient full line of vehicles, Toyota is well positioned, and we’re encouraged by very positive consumer reaction to our new Avalon and RAV4.”
