to be safe.

SMART Teams.
Our latest safety innovation.

Everyone deserves to be safe. Which is why we've established SMART Teams—200 highly trained engineers and technical experts located across the U.S. to help ensure every customer is heard. Toyota SMART Teams are just one of the many new safety innovations at Toyota that are making us a more responsive, safety-focused organization. Because at Toyota, we know there's nothing more important to you than your safety. For more on our safety innovations, [visit **toyota.com/safety**](http://toyota.com/safety)
