

1986 Toyota Celica 002

February 17, 2011

WIN BILLING — The Celica GT-S Liftback (foreground) is the image leader of the new Celica line with a high-revving 2-liter, twin cam powerplant, 4-wheel disc brakes and wide-track stance. But the GT Sport Coupe is also destined to win hearts with its classy styling, sporty performance, and long list of standard comfort/convenience features.
