

# 1980 Toyota Corona Liftback 002

February 17, 2011

CORONA STAR -- The Luxury Edition Corona Liftback is the style leader for the practical Corona line in 1980. With the rear seats up, it's a roomy family car. Fold down the split rear and open up the rear hatch and there's a cavernous cargo area that contains more than 26 cubic feet of carrying space. A five-speed manual transmission is standard with a three-speed automatic available as an option. The Corona line is powered by a 2.2 liter, 4-cylinder overhead cam engine.
