

2011 SEMA Show: Toyota Yaris B-Spec Club Racer

October 27, 2011

Image not found or type unknown

The 2011 SEMA Show will feature the debut of the Toyota Yaris B-Spec Club Racer at a press conference in the Toyota exhibit in Nov. 1 at 10 a.m. Pacific Time. It is the first race car built for competition in the U.S. from the next-generation 2012 Yaris SE.

The Yaris Club racer will compete in the SCCA B-spec class race category in 2012 with Action Sports Star and BMX legend Jamie Bestwick behind the wheel aiming to qualify for and compete in the 2012 SCCA National Championship Runoffs, held at the famed Road America circuit in Elkhart Lake, Wis. The seven-time X Games champion and former Dew Tour Athlete of the year will be on hand to talk about the Yaris B-Spec Club Racer at a Toyota press conference.

The Yaris B-Spec Club Racer was built by *SportsCar Magazine* utilizing an all-new second-generation Yaris SE three-door hatchback. It demonstrates how the all-new Yaris offers a cost friendly avenue for amateur racers eager to gain experience in SCCA wheel-to-wheel racing. The Yaris B-Spec Club Racer's livery also pays homage to Toyota's 1998 LeMans pole-winning GT-One race car, as Toyota celebrates its return to the famed racing series next year.

With the right size for drivers who need an agile and functional vehicle, the all-new 2012 Toyota Yaris Liftback features sporty styling, outstanding safety features and improved fuel economy.

The all-new Yaris features a remarkable attention to detail in the design and engineering of the vehicle. From its smart, interior design and quiet, refined passenger cabin to its responsive driving dynamics, the 2012 Yaris answers car-shoppers' demands for a no-compromise vehicle.

###

TOYOTA YARIS CLUB B-SPEC CLUB RACER FEATURES

EXTERIOR

- Toyota Le Mans GT-One inspired graphics
- OMP tow hooks

INTERIOR
