

November 2011 Sales Chart [Updated]

December 01, 2011

The U.S. sales summary issued earlier today contained computational errors regarding our 2011 sales results year-to-date. Current month totals were unaffected.

The corrected summary reflects updated (higher) calendar year totals for:

- Total Toyota sales
- Total Toyota Division Light Truck

DSR and Volume % changes have been updated accordingly. We apologize for any inconvenience.
