

Toyota Reports August Sales

September 01, 2009

TORRANCE, Calif. (September 1, 2009) – Toyota Motor Sales (TMS), U.S.A., Inc., today reported August vehicle sales of 225,088 vehicles, up 10.5 percent over year-ago levels on a daily selling rate basis. Toyota Division passenger cars recorded an all-time, best-ever month with sales of 142,529 units, up 32.4 percent over the same period last year as the CARS program generated significant incremental sales for TMS and the industry.

“In addition to increased sales, the CARS program provided tangible benefits to consumers, dealers and industry-related businesses, as well as state and local economies, in the form of sales tax and registration income,” said Jim Lentz, president and chief operating officer for TMS. “Toyota vehicles accounted for 19.4 percent of sales within the CARS program, but we estimate CARS-related Toyota sales account for 32.1 percent of total fuel savings for the CARS program, saving customers an estimated 31 million gallons of gas and over \$77.5 million in fuel spending over the next year.”

The Toyota Division posted August sales of 202,196 units, an increase of 15.2 percent over the same period last year. The Lexus Division reported August sales of 22,892 units, a decrease of 18.8 percent from the year-ago month.
