

5 Ways the 2020 Toyota 4Runner Venture Special Edition Fuels Adventure

November 04, 2019

Successful pioneering depends on grit, guts and, perhaps most of all, gear. Today, trailblazers are relying on the [2020 Toyota 4Runner Venture Special Edition](#) to explore unknown terrain.

Learn how Toyota is fueling adventure with the 4Runner Venture Special Edition.

Leave Nothing Behind

Renowned explorers Lewis and Clark would be envious of the Venture Special Edition's expansive storage capacity.

With the 4Runner Venture Special Edition, modern seekers can pack all their gear and more. Equipped with a roomy rear-sliding cargo deck — as well as the Yakima Megawarrior roof rack — there's no need to pack light.

Ditch the Road

Pioneers often have no alternative but to take the road less traveled, which is usually not a road at all. In the

Venture Special Edition, drivers can abandon the pavement with confidence.

Fitted with a four-link rear axle, along with coil-spring suspension, the Venture Special Edition is perfectly suited for off-road excursions. Additionally, the Venture Special Edition is equipped with CRAWL Control for regulating engine speed to enhance off-road handling – as well as Multi-Terrain Select for improved grip on any surface.

Stay Connected Off the Grid

Not all who wander are lost, especially if they're driving the 2020 4Runner Venture Special Edition. Wherever the journey goes, the Venture Special Edition keeps explorers connected with a state-of-the-art multimedia system.

Drivers can navigate the wilderness with the Venture Special Edition's 8-inch touch screen, giving them access to Android Auto — as well as countless other apps for entertainment, navigation and much more.

Don't Just Play the Part — Look the Part

Whether it's clothes or a vehicle, pioneers rarely indulge in the extravagant; they keep it simple. Hence, the Venture Special Edition's pared-down approach to style.

With Gunmetal-colored TRD wheels coupled with all-black accents — including outer mirrors, door handles, badges and rear spoiler — drivers can express their intrepid spirits like true, bold pioneers.

Venture Safely

Adventure favors the prepared. Thanks to Toyota Safety Sense P, this SUV offers a high-tech safety system packed with features, such as the Pre-Collision system with Pedestrian Detection, automatic high beams and high-speed Dynamic Radar Cruise Control for all systems go!
