The Toyota Avalon Hybrid marks its eighth year for 2020. The fifth-generation Avalon, but second with a hybrid variant, was introduced for 2019 and built around the advanced Toyota New Global Architecture (TNGA). The high-strength TNGA is the ideal foundation for an exceptionally athletic luxury-sport sedan and

the four-cylinder Dynamic Force Engine is married to an all-new Toyota Hybrid System II powertrain that's been engineered to inspire both spirited driving and fuel consciousness.
