

# 2020 Toyota C-HR

November 08, 2019

The Toyota C-HR broke new design ground for the automaker, which applied new manufacturing techniques to take a highly sculpted concept-car body design into production while preserving its essence. The result melds sport coupe personality with crossover versatility. The C-HR's standout design brings an updated look for 2020 with a restyled front fascia, LED headlamps and new wheel designs. There's more pure Toyota value, too, with all three grades – LE, XLE and Limited – adding new amenities.
