

2021 Toyota Corolla

July 15, 2020

The 12th generation Corolla returns for a second year with a new Apex Edition and updated safety features. The Corolla Apex Edition adds updated suspension changes, a bold body kit and new 18-inch wheels that combine for a better-handling Corolla. All 2021 Corolla grades add Android AutoTM compatibility and two additional airbags. Blind Spot Monitor with Rear-Cross Traffic Alert also come standard or available depending on grade.
