

Jason Puckett

Jason Puckett serves as group vice president, Manufacturing Region 2. In this role, Puckett will oversee Region 2, which includes Toyota Motor Manufacturing, Indiana (Toyota Indiana), Toyota Motor Manufacturing, Missouri (Toyota Missouri), and Toyota Motor Manufacturing, Tennessee (Toyota Tennessee).

Puckett also serves as president of Toyota Indiana where he leads all production, quality, production control and administrative functions at the manufacturing facility in Princeton, Indiana, that assembles the Toyota Sienna, Toyota Highlander, Toyota Highlander Hybrid, Toyota Grand Highlander, and Lexus TX.

Previously, Puckett served as president of Toyota Motor Manufacturing, Alabama (Toyota Alabama). He started his career at Toyota Indiana in 1997 as an engineer in Assembly. During his tenure with Toyota, he has held several positions of increasing responsibility including vice president of administration and manufacturing at Toyota Indiana.

Puckett holds a Bachelor's Degree in Electrical Engineering from the University of Kentucky and a Master of Business Administration from the University of Evansville.
