

2022 Toyota Avalon

December 23, 2021

Image not found or type unknown

The fifth-generation Toyota Avalon, introduced in 2019, came on strong with a striking new coupe-like design built around the advanced Toyota New Global Architecture (TNGA). The high-strength TNGA is the ideal foundation for an exceptionally balanced, silky smooth sedan and the Avalon Touring grade offers a glimpse of

such capability. XLE and Limited grades add even more choice to Toyota's premium sedan. Add Toyota Safety Sense 2.5+ for 2022 and Avalon offers drivers the comfort, quality and safety they expect from a premium sedan.
