

2024 Toyota Camry Hybrid

July 20, 2023

Image not found or type unknown

Powerful, efficient and beautifully packaged, that's Camry Hybrid. With the Toyota Hybrid System II powertrain, Camry Hybrid is tuned to produce 208 hybrid system net horsepower and 163 lb.-ft. of torque all with a manufacturer-estimated 51 MPG city / 53 MPG highway / 52 MPG combined rating. And with stylish options and packages available across LE, XLE, SE, SE Nightshade, and XSE grades, there's a Camry Hybrid for nearly every taste.
