It's time to go "beyond Zero" and discover the Toyota bZ4X Battery Electric Vehicle (BEV). From daily commutes to trips around town, the bZ4X gets things done with the smooth acceleration, instant torque delivery and quiet drive of an all-electric Toyota. Available in a choice of Front or All-Wheel Drive the bZ4X has a

confident drive that's ready for what the day has to offer. It also brings Toyota build quality, with premium features throughout, and batteries designed to have a capacity retention of 90% after ten years of ownership.
