

Toyota Recalls Certain 2023 Toyota Mirai, and Certain 2023-2024 Lexus LS, LC and ES

February 21, 2024

PLANO, Texas (Feb. 21, 2024) – Toyota is conducting a safety recall involving certain Toyota and Lexus vehicles in Japan, North America and Asia. The recall involves certain Mirai and LS, LC, ES in North America. For the U.S., approximately 19,000 vehicles are involved in this recall.

Due to a software programming issue, the rearview image may not display within the period of time required by certain U.S. safety regulations after the driver shifts the vehicle into reverse, increasing the risk of a crash while backing the vehicle.

For all involved vehicles, Toyota and Lexus dealers will update the software for the Panoramic View Monitor system at no cost to customers.

Owners of involved vehicles will be notified by late April 2024.

Information about automotive recalls, including but not limited to the list of involved vehicles, is current as of today's filing date and is subject to change thereafter. To see if your vehicle is involved in a safety recall visit [Toyota.com/recall](https://toyota.com/recall) or nhtsa.gov/recalls and enter your Vehicle Identification Number (VIN) or license plate information.
