“The Best Midsize and Hybrid Car for Families awards are a testament to the blend of sport inspired style, highly efficient performance, and driver-inspired interior offered by the Toyota Camry,” said Mike Tripp, Group Vice President Toyota Marketing. “These awards are a tribute to the passion of our North American design, engineering, and manufacturing teams who build America’s number one selling sedan. We are grateful to earn this honor from U.S. News & World Report.”

The 2.5-liter 4-cylinder gas-powered option is available in a choice of Front- or All Wheel Drive across LE, XLE, SE, SE Nightshade, or XSE grades. A 3.5-liter 6-cylinder engine is available for the XSE and XLE FWD grades or standard on the performance-tuned TRD model.

Camry’s cabin has an inviting, wide-open feel with an intuitive design thanks to the perfectly placed steering wheel controls, easy to reach heating and air conditioning controls, and available 9-inch touchscreen display. Available interior options like SofTex-® or Leather-trimmed seating, dual zone climate control with rear-seat vents, and wireless chargers also make the 2024 Camry the perfect partner for the road.
