

# Toyota Recalls Certain 2023 Model Year Toyota Crown Vehicles

June 14, 2024

**PLANO, Texas (June 14, 2024)** — Toyota is conducting a safety recall involving certain model year 2023 Toyota Crown vehicles in North America. Approximately, 13,000 Toyota Crown vehicles are involved in this recall in the U.S.

The frontview and/or rearview camera case may allow water to enter and short circuit the camera, causing certain images to not display. If the rearview image does not display, there can be an increased risk of striking and injuring a pedestrian while backing the vehicle.

For all involved vehicles, Toyota dealers will inspect the serial number of the affected cameras and, if necessary, replace them at no cost to customers.

Owners of involved vehicles will be notified by mid-August 2024.

Information about automotive recalls, including but not limited to the list of involved vehicles, is current as of today's filing date and is subject to change thereafter. To see if your vehicle is involved in a safety recall visit [Toyota.com/recall](https://toyota.com/recall) or [nhtsa.gov/recalls](https://nhtsa.gov/recalls) and enter your Vehicle Identification Number (VIN) or license plate information.

For any additional questions, Toyota customer support is also available by calling the Toyota Brand Engagement Center (1-800-331-4331) for Toyota vehicles.
