

Toyota Recalls Certain 2024 Model Year Toyota Grand Highlander and Lexus TX Vehicles

June 20, 2024

PLANO, Texas (June 20, 2024) — Toyota is conducting a noncompliance recall involving certain model year 2024 Toyota Grand Highlander and Lexus TX vehicles. Approximately, 145,000 vehicles are involved in this recall in the U.S.

The curtain shield airbag on both the driver's and passenger's side may not deploy as intended during certain crashes if the driver or passenger windows are rolled down. If this occurs, the vehicles may not meet a federal safety standard, increasing the risk of injury during certain crashes.

Toyota and Lexus dealers will replace the curtain shield airbags with improved ones, free of charge.

Customers were initially notified about this issue by August 19, 2024.

Production and sales resumed in late October, in addition to the remedy being made available to dealers. Toyota will begin sending notices to customers on how to receive their remedy starting in early November.

Information about automotive recalls, including but not limited to the list of involved vehicles, is current as of today's filing date and is subject to change thereafter. To see if your vehicle is involved in a safety recall visit [Toyota.com/recall](https://toyota.com/recall) or nhtsa.gov/recalls and enter your Vehicle Identification Number (VIN) or license plate information.

For any additional questions, Toyota customer support is also available by calling the Toyota Brand Engagement Center (1-800-331-4331) for Toyota vehicles. Customer support is also available by calling the Lexus Brand Engagement Center (1-800-255-3987) for Lexus vehicles.
