Image not found or type unknown

Make every drive count with the 2025 Toyota RAV4 Hybrid. With its versatile design and powertrain choices, you'll be prepared for whatever the day brings. Equipped with the Toyota Hybrid System with 219 system combined net horsepower and up to a manufacturer estimated 40 mpg combined rating, it's ready for

the trip ahead. From camping by the lake to running errands around town, RAV4 Hybrid is ready to maximize sport with utility. RAV4 Hybrid's standard All-Wheel Drive (AWD) adds all-weather capability and enhanced on-road driving dynamics. It even has Trail Mode, which acts as a virtual limited slip differential that delivers power to specific wheels for extra traction when needed. The 2025 RAV4 Hybrid, powered by efficiency and made to go the distance.
