An incredible package with features not typically found in a small crossover, the 2025 Corolla Cross Hybrid is the best of both worlds – offering the engaging driving experience of a small car and the functionality of a crossover SUV. Hybrid powered models are available in the S, SE, Nightshade, and XSE grades, with standard

electronic on-demand All-Wheel Drive. Corolla Cross Hybrid uses Toyota’s 5th Generation Hybrid Electric Vehicle system and earns a 42 combined MPG manufacturer rating. It also packs in the style, with a distinguished black front grille, a chiseled front fascia, and prominent fender flares. The 2025 Toyota Corolla Cross Hybrid is the crossover sensation that has more in store.
