

2025 Toyota bZ4X

December 17, 2024

Image not found or type unknown

The Toyota bZ4X is the Battery Electric Vehicle (BEV) that's made to electrify, by blending bold, modern styling with tech-laden features in an extremely capable platform. For model year 2025, the Toyota bZ4X adds a Nightshade grade to up the ante in styling, as well as new Traffic Jam Assist, Lane Change Assist, and Front

Cross Traffic Alert convenience features on Limited grade (requires active Drive Connect trial/subscription, 4G Network Dependent). The bZ4X is available in XLE, Limited, and Nightshade grades. The XLE and Limited models come in a choice of Front- or All-Wheel Drive, with the Nightshade grade coming in AWD only. For added convenience, customers who purchase or lease a new 2025 Toyota bZ4X receive one year of complimentary charging at EVgo public charging stations nationwide.
