After debuting its fourth-generation last year to great fanfare, the Toyota Tacoma returns for 2025 to continue its dominant off-road legacy. Set to become America's best-selling mid-size pickup for the past two decades, Tacoma gains some key upgrades for the new model year, such as new easy access red front tow hooks for TRD

Pro and Trailhunter grades, a fourth available pre-wired aux switch, and the new TRD Pro color, Mudbath.
